Submission of Corrected Sequence Listing in
Response to Notification of Defective Response
Page 2 of 2

REMARKS

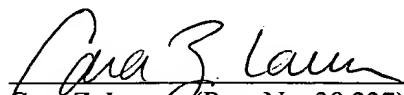

The Communication dated January 23, 2002 indicated that the Sequence Listing submitted September 25, 2001, did not comply with the requirements of 37 CFR 1.822 and/or 1.823. This amendment is submitted to correct the Sequence Listing as indicated on the Raw Sequence Listing Error Report (copy enclosed herewith). No new matter is added by this amendment.

Applicants hereby submit a paper copy of a corrected Sequence Listing. Also enclosed is a Computer Readable Form (CRF) of the corrected Sequence Listing. The CRF is the same as the paper copy of the corrected Sequence Listing.

Also enclosed is a "Statement in Support of Filing and Submissions In Accordance With 37 CFR 1.821-1.825", in which I declare that the content of the paper and the computer-readable copies of the Sequence Listing submitted in accordance with 37 CFR 1.821 (c) and (e), respectively, are the same and that the submission, filed in accordance with 37 CFR 1.821 (g) does not introduce new matter.

Applicants respectfully submit that the above amendment provides a complete response and corrects all formal matters and allowance is therefore appropriate.

Respectfully submitted,
